

Ursound 4:59 (ursound.mp3)

recorded & produced entirely with open source software in August 2013

special thanks to

Nicolas Collins, School of the Art Institute Chicago, for his Hardware Hacking Sessions in Berlin, 2012
<http://www.saic.edu/profiles/faculty/nicolascollins/>

and

Robin Paul Braum, London/Berlin, for London Thames under water recording
https://soundcloud.com/robin_paul_braum

Ursound2 4:59 (ursound2.mp3)

special thanks to all above and pediaphon.org for speech synthesis

and

words of Dr. A. H. Knoll, geologist, Harvard University

<http://www.oeb.harvard.edu/faculty/knoll/knoll-oeb.html>

“Today, humans turn out to be every bit as good as volcanoes at putting carbon dioxide into the atmosphere”
