## Teaching Experience

### Lectures, Tutorials, Seminars at Humboldt-Universität zu Berlin, Germany

*Modelling and Model Checking*. Single lecture, undergraduate students, 2011/12, 2012, 2012/13.

*Practical Computer Science 2*. Tutorial, undergraduate students, 2009, 2010.

*Distributed Algorithms*. Tutorial, graduate students, 2009/10.

*Analysis of Petri Net Models*. Seminar, undergraduate/graduate students, 2009/10, 2010/11, 2014/15.

*Model Checking*. Seminar for undergraduate/graduate students, 2010/11, 2011/12.

*Methods and Models of System Design*. Seminar for undergraduate/graduate students, 2011.

*Service Composition in SOA*. Seminar for graduate students, 2011.

*Compiler Techniques*. Seminar for graduate students, 2011/12.

*Modelling and Specification*. Practical tutorial for undergraduate students, 2012, 2013, 2014.

*Logics in Computer Science*. Tutorial for undergraduate students, 2012/13.

*Algorithms and Data Structures*. Tutorial for undergraduate students, 2015.

### Tutorials at the Summer School on Service Oriented Computing (SUMMERSOC)

*Conceptual Foundations of SOC*. Practical tutorial for graduate and post graduate students, 2011, 2012.

### Co-Supervision of Student Theses

I co-supervised the following diploma theses at Humboldt-Universität zu Berlin:

Maxim Rohrmoser: *Distributing Transition Refinement*. 2012.

Oliver Böhrs: *Transforming Nested-Relation/Transitions Nets to Algebraic Nets*. 2013.

Marvin Triebel: *Stable Inequalities of Petri Nets*. 2015

Simon Heiden: *Language-Based Characterization of Responsive Systems*. 2015.
